

Homework Year 6

Thursday 4th June 2026

Dear Parents,

Please ensure that your child completes the homework set every week and returns it to school on a **Tuesday**.

Reading

Please listen to your child read daily – or as often in the week as you can – and discuss the text with them, looking for inference, synonyms, summarising parts of the text etc.

Science

We will be looking at Light in our new science topic.

Task: Choose one of the following scientists; research him or her and create a fact file, with illustrations and an explanation of how they fit into the scientific world of light and electricity. Choose from: Florence Parpart, Thomas Edison, Alessandro Volta, Marie Van Brittan Brown or Nikola Tesla.

This is due in on **Tuesday 9th June**.

English

Task: As preparation for finishing Year 6 and moving towards Year 7, try reading some more stretching and challenging books, moving out of your comfort zone. Choose something you wouldn't normally choose – a new author or genre. Then write a detailed and informative book review to help someone else choose whether they would enjoy reading it. You could also include some facts about the author.

This is due in on **Tuesday 9th June**.

Reminders: PE this term is on a **Thursday** (indoor) and a **Friday** (outdoor). PE kit (including trainers) should be in school at all times.

Thank you for your continued support.

Mrs Skelton & Mrs Puntrello
